Captain K is completely enamoured by the aroma of Kaiserschmarrn. How many pieces of Kaiserschmarrn does he have to eat to keep his strength up until he reaches the pot?

Can you help Captain K to put the horse back together properly? Enter the correct order of the individual parts from back to front:

Captain K has rescued a child in a tree. He wants to go back to his best friend. His best friend is not standing next to the boy in the red shirt and stretching at least one arm in the air. His best friend is not standing on the edge and touching the boy in the green shirt. Who is it?
